WATERS WORK HAVOC IN FLOODED DISTRICT

Danger Point Passed At Many Places.

SEVERAL LIVES ARE LOST

Steamboat Navigation Is Practically Suspended, Levees Are in Danger, Cattle Are Perishing, and the Situation Appears Very Grave.

Mobile, Ala., April 4.—The situation in the Alabama and Tombigbee river lowlands, due to the overflow in these two rivers, grows worse every day, until now steamboats have been compelled to discontinue service, owing to the landings for 150 miles above Mobile being under water, and no food or fuel to be had in the inundated district. One steamer is now tied up at Claiborne, Ala., without fuel, and is unable to get here with cold boilers. Other steamers due here are delayed and are believed to be experiencing the same trouble.

The flood has already reached disastrous proportions, equaling that of 1888, and threatens to equal that of 1871, when both rivers reached stages never known to have been reached before or since. Cattle are starving, farmers are fast exhausting their supplies, and because of the severe change in the weather pneumonia has appeared among cattle and other live stock with disastrous effect. With full cargoes, river steamers are being held here to be rushed out as soon as the waters begin to recede.

Dixie, Ala., over 100 miles above Mobile, is now under water several feet deep, and still rising. Since Saturday the overflow has extended about 50 miles, which makes the inundated area 150 miles. The situation is gloomy, stock is dying of starvation and crops will be delayed for weeks. There is no way to estimate the extent tent of the damage. Only one or two losses of human life have been reported so far.

Cumberland Still Rising.

Nashville, April 4.—The Cumberland land river at this point has reached 33½ feet and is still rising. The river is too high for the gates to be opened at lock A, just below the city, and not sufficient water is going over the dam to make the passing of a boat safe.

Levees Will Be Taxed.

Memphis, April 4.—Observer Emory, of the United States bureau, has announced that a large volume of water is in sight and the strength of the Arkansas levees will be severely taxed. Mr. Emory predicts that the Mississippi river at Memphis will register 27 feet in ten days. He announces all the islands and lowlands in the Memphis district not protected by levees will be inundated. The river here marked 30 feet Monday, and it is rapidly rising. The danger line is 33 feet, and that stage will probably be recorded by Wednesday night.

Ohio Above Danger Line.

Cincinnati, April 4.—The Ohio river at this point passed the danger line during the night, and reached 50.2 feet, 50 feet being the danger line. Little more of a rise was anticipated by the weather observer, whose report indicated falling water and clear weather at all points above here. As river men say that a stage of 55 feet here must be reached the more serious conditions of flood stage result, and everything seems to indicate that the crest will be under 51 feet, the fear of a disatrous spring flood has about subsided.

Supposed Crook Arrested.

Dalton, Ga., April 4.—A man who is supposed to be a professional crook has been placed in jail for stealing the watch of a Southern railway freight conductor. The supposed crook, who gave his name as V. M. Arnold, was arrested in a drunken condition. Arnold allowed the police to search him at his own request in an endeavor to find the stolen property. Later he is said to have hid the watch in the police station here. The prisoner was bound over to the superior court.

VICTIM OF FIRE SECOND TIME.

Town of Rentz Suffers Almost Complete Destruction.

Dublin, Ga., April 4.—Rentz, 8 miles from Dublin, on the Dublin and Southwestern road, was visited by a serious conflagration Monday. The stores of the Rentz Trading company, Davidson & Grantstead company and the Rentz pharmacy were destroyed, the loss amounting to about $18,500. The Rentz Trading company's loss was about $10,000, with $6,500 insurance. The loss of the Davidson & Grinstead company was $6,000, with $3,500 insurance, and the loss of the Rentz pharmacy was $2,500, with $1,400 insurance. The fire originated in the store of the Rentz pharmacy. It was discovered about 2 o'clock. Nothing could be saved.

Some weeks ago Rentz was visited by a serious fire. The fire leaves but one or two business houses in the town, but the burned block will be rebuilt at once. Rentz is a new town, but little more than a year old, but has several hundred inhabitants. Captain J. P. Hughsly, who moved to Laurens from Swainsboro, was the head of the Rentz Trading company. All of the houses burned were wood, but will be rebuilt with brick.

Woman's Pistol Stops Burglar.

Macon, Ga., April 4.—The plucky nerve of Mrs. Herbert Duckworth at the family home on Georgia avenue prevented what was supposed to be an intended burglary, and a shot fired from her bedroom window very probably inflicted an injury to the negro escaping in the dark. Mrs. Duckworth was aroused by the presence of the intruder at the window, and she reached for a revolver, firing straight at the men on the outside. The shot pierced the glass, and when the smoke and falling glass ceased he was gone.

Full Bench Hands Down Decision.

Boston, Mass., April 4.—For the first time in the history of the law courts of Massachusetts the full bench of the supreme court hands down a decision declaring that a married woman has the right to bring action against another woman for alienation of a husband's affections. For hundreds of years a husband has had a right of action against another man for alienating his wife's affections. The decision was in the case of Mrs. Anna Nolin, of Newbury, who had sued Marion Peasob, of the same town.

Death Follows Wreck Injuries.

Macon, Ga., April 4.—Thomas O'Neal a Twiggs county farmer, is dead at the residence of his daughter, Mrs. Henry Stanlwood in east Macon, from injuries sustained several weeks ago in the wreck of a freight train on the Macon, Dublin and Savannah railroad near Jeffersonville. He had started to Jeffersonville for his pension money, having been a veteran, and when near that point the freight ran into a wood train and the victim was slightly injured.

Will Establish Colonies.

Boston, April 4.—Thirty young men have left Boston for the province of Saskatchewan, in the Canadian Northwest, where they expect to establish a colony on lands given to them by the Canadian government. They will settle about 20 miles west of Saskatoon. The young men have been living in this city and nearby places. A delegation will soon leave Woonsocket, R. I., for Saxwatoon to settle.

Burglar Tries Express Office.

Toomsboro, Ga., April 4.—The Southern Express office kept in the store of E. M. Boone company, has been burglarized. The robber rifled the money drawers, but secured no booty, as the funds were in the safe, and the marshal detected him before he had time to make an entrance to that receptacle. The marshal fired four shots in the dark, but failed to get his game.

Workmen Locked Out.

Charlotte, N. C., April 4.—In accordance with a notice given ten days ago, thirty High Point furniture and glass factories Monday morning locked out all their employees who belong to labor unions. About six hundred men and boys are idle as a result of the lockout, and it is predicted that the factories will remain closed for several weeks to come.

WAGE SCALE SIGNED AT MANY PLACES

Hundreds Of Miners Return To Work.

INDEPENDENT PLANTS CLOSED

But Few Plants Were Reported In Full Operation, Others Were Running with Reduced Forces and Many Were Idle.

Pittsburg, April 4.—The expected general resumption of work at the mines in this district where the scale was signed Monday did not take place Tuesday. Reports were slow in coming in and those received indicated that the men were not in a hurry to work. But few plants were reported in full operation, others were running with reduced forces and many were idle.

Monday's holiday is said by the operators to be largely responsible for the small forces at work. The men, they say, are always slow to return to the mines following these celebrations and it usually takes a week or more before normal conditions prevail.

All the independent plants were shut down and no effort was made to operate them.

Ohio Miners Meet.

Columbus, O., April 4.—Not a ton of coal was mined in Ohio Tuesday, although a number of independent operators are willing and ready to sign the scale. The executive board of the Ohio mine workers is now meeting in Columbus, but the proceedings are secret.

Return to Work at Johnstown.

Johnstown, Pa., April 4.—Three thousand men, or about 50 per cent of the regular operating force, returned to work Tuesday at the mines of the Berwind White company at Windber. The strikers offered no opposition.

No Change at Wilkesbarre.

Wilkesbarre, Pa., April 4.—There is no change in the mining situation in the Wyoming region. No attempt was made to resume work at any of the collieries.

At Forty Fort, near here, a stable boss and his two assistants were assaulted by three men. Clubs were used by the assailants and one of the men was seriously injured.

Non Union Men Secured.

Shamokin, Pa., April 4.—The Enterprise colliery was started up Tuesday enough non-union men having been secured to keep the machinery in operation.

Headquarters Closed.

Indianapolis, April 4.—All of the national officers of the United Mine Workers of America being out of the city, the national headquarters are practically closed. In Indiana operators employing 7,000 of the 15,000 miners have signed the scale. The mines are scattered over the state.

Shot Up Mail Box.

Huntsville, Ala., April 4.—W. C. Sterling, a young farmer of Madison county, has been arrested and brought to Huntsville on a charge of shooting a rural mail box near Madison station. Sterling was given a hearing before Commissioner Greenleaf, of the United States court, and bound over to the grand jury, making bond in the sum of $200.

Two Hurt by Explosion.

Sparta, Ga., April 4.—While at work on the granite quarry of E. G. McCook, at an early hour Monday in an effort to rift a large bowlder, W. T. Mackey, superintendent of the plant of the Georgia Quincy Granite company, and Mr. McCook, manager of his own plant, were seriously if not fatally hurt.

Churches Raided by Burglars.

Kief, Russia, April 4.—Burglars broke into three churches here Monday night. They made a complete haul of all the jewels and dug out the gems from the icons and chalices. Even the gold work of the holy pictures and altar and the vellum from the embroidered vestments were taken.

ONE KILLED; ONE INJURED.

In Accident at Mine Near Birmingham, Alabama.

Birmingham, Ala., April 4.—J. O. Bishop, aged 25, assistant engineer and chemist for the Alabama Consolidated Coal and Iron company at Lewisburg, a few miles north of Birmingham, met a horrible death, and Henry Veltz, a young man, assistant to him, was injured while the two men were working on the main slope in the mines at that place. They were struck by two tram cars and Bishop was killed almost instantly. Veltz is not seriously injured.

The young men were Georgians and lived at North Birmingham, 4 miles from Lewiszurg. They were well acquainted with mine work, and how they came to be working on the track is not known.

The remains of Bishop have been prepared for shipment to Bowden, Ga., for interment. He was to have been married April 21. The deceased was a member of Rubama lodge, No. 93, Knights of Pythias, and was well known in this district.

Judge Sustains Law.

Portland, Ore., April 4.—The demurrer to the answer of the Northern Pacific terminal company in the case wherein the government is seeking to collect a penalty for the alleged violation of the safety appliance law was sustained by Judge Wolverton in the federal court Monday. Suits under this law were recently brought against the Southern Pacific, Oregon railroad and Navigation company, Northern Pacific and Northern Pacific Terminal company. The latter is the first to contest the case and having lost the first point will now be given time to file another answer before final action will be taken. In the answer filed the company contended that it was not a common carrier.

Buffalo Times Destroyed.

Buffalo, N. Y., April 4.—Fire Tuesday practically destroyed the Evening Times building at 193 and 195 Main street, causing a loss estimated at $200,000. The loss is fully covered by insurance. The fire which started from some unknown cause spread rapidly. After the fire was under control heavy machinery came crashing through from the third floor to the basement, carrying several men with it. Fireman D. Reidy and William Cogan were injured. George B. Mathews, proprietor of the Morning Express tendered the use of the Express composing room and presses to Mr. Norman E. Mack, proprietor of the Times and that paper will appear as usual today.

Patrick Hearing Resumed.

New York, April 4.—The hearing on Albert T. Patrick's application for a new trial on the charge of killing William Marsh Rice, the Texas millionaire, was resumed Tuesday after a postponement of several days. Patrick, who is in the death house at Sing Sing prison, was to have been executed last month, but was reprieved in order to allow time for completion of the present hearing.

Burke, who was for a number of years editor of the Herald in Augusta, has identified himself with the Macon News, and is writing some spicy paragraphs and thundering editorials for that paper. Mr. Burke was for several years connected with the The Macon Telegraph and he had a great many friends here.

Station Engineer Murdered.

Wilkesbarre, Pa., April 4.—Charles Gallagher, a station engineer in the employ of the Central of New Jersey railroad, was murdered Tuesday in a lonely road at Sugar Notch, a mining town near here. An attempt was made to incinerate the body. It is said the murdered man had uncovered the plans of the foreigners residing in the locality.

Washington, April 4.—The president has decided to appoint Albert Halstead as American consul at Birmingham, England, to succeed his brother, Marshall Halstead, resigned. Mr. Halstead is a well-known Washington newspaper correspondent, and is the son of Murat Halstead.

PANAMA CANAL IS TALKED BY TAFT

Makes Lengthy Talk On Canal Matters.

RESERVOIR AT COLON BREAKS

Says He Won't Say What Kind of Canal Will Be Eventually Built—Favors an Eighty Five Foot Level—To Make Life Worth Living For.

New York, April 4.—Before leaving for Tuskegee, Ala., Monday night, Secretary Taft, who came over from Washington to attend the annual convention of the Panama Railroad company, talked at some length on canal subjects on the isthmus. "As far as I can learn," he said, "everything is progressing there generally in a highly satisfactory manner. I have no doubt Chief Engineer Stevens has his troubles. These are bound to come, but affairs are in much better shape now than ever before.

"The only disquieting news I have heard is that there has been a break in one of our new reservoirs at Colon. I don't know how serious it is, for I have not received an answer to a message I sent to Stevens for particulars. I am in hope that it can be repaired for the question of an adequate water supply has presented many difficulties.

"The dry season there is absolutely dry. Not a drop of water falls and it is essential that a water supply be stored against this season if healthful conditions are to be maintained. How the people managed to survive at all on the Isthmus without water storage is one of the wonders that has impressed me most about the Isthmus.

"Mr. Stevens and most of his associates have taken up their residence in Suleita, where the conditions are better than at Panama and are much pleasanter situated. They have the advantage of a new town with architecture suited to the climate and good sewerage and water systems, as against the old buildings, narrow streets and oppressive atmosphere of Panama. But there will be a great thoroughfare extending from the railroad station direct through the heart of the city to the harbor is completed. With the improvements in the sewerage and water supply this will help to make life more worth living in that city.

"No, I do not care to state whether in my opinion the sea level canal or the 85 foot lock canal will finally be adopted or when a decision will be reached. There is of course no necessity of my restating my position, for I am on record with the president as favoring the 85 foot level. But both Mr. Stevens and myself are anxious that a decision be made soon in order that the work can be expedited more rapidly than at present."

Named by President.

Washington, April 4.—The president has sent to the senate the following nominations: Judge of the juvenile court of the District of Columbia, William H. Delacy. United States marshal, eastern district of Arkansas, Harmon L. Belmont. Deputy auditor for the post office department, Charles H. Keating, Ohio.

Fireman Is Killed.

Washington, D. C., April 4.—Struck by the corner of a heavy box car, moving by in the opposite direction, as he was leaning from his engine on the local Baltimore and Ohio track, Fireman Frank Irwin, of Columbus, was injured so badly that he died before he could be taken to his home.

KNIGHTS OF HONOR WILL CONVENE HERE

Will Hold Annual Meeting of the Grand Lodge in Gainesville.

A BIG CROWD IS EXPECTED

There Will be Delegates and Visitors From Every Section of the State to Pass Upon the Business of the Order—Big Time Expected.

The Grand Lodge of Florida, Knights of Honor, will held their annual meeting in this city beginning on Tuesday, April 10, and the session will probably last for two days. An enthusiastic and largely attended meeting of Alachua Lodge No. 2565 of this city was held at the store of L. J. Burkhim Tuesday afternoon, when arrangements were begun looking toward the entertainment of the two hundred delegates and visitors who will be present from every section of the State upon this occasion.

This order, of which L. J. Burkhim of this city is past grand dictator and W. R. Wrighton of Pensacola the grand dictator at this time, makes no great pretentions at display, but is one of the finest in existence and one of the strongest in the State. It's principals, while benevolent in a degree, are largely for the protection of the widow and the orphans of members, for it is a fraternal insurance order. It is a secret order which carries impressive work, and altogether the Knights of Honor are just what the name of the order indicates—they are really knights of honor.

Mr. Burkhim and other members of the order here are anticipating a great time. The proper committees will make all necessary arrangements for a meeting-place, and for the entertainment of those who come. There will be a great deal of business of importance to come before the Grand Lodge, and the meeting will be one of the most important that has been held for years.

PROMINENT VISITORS HERE.

Officials of Georgia Southern and Georgia Northern Visit Gainesville.

S. F. Parrott, vice-president of the Georgia Southern and Florida railroad and president of the Gainesville and Gulf, and J. A. Pidcock, Jr., of Moultrie, Ga., president of the Georgia Northern, and who recently purchased a large interest in the Gainesville and Gulf, were here yesterday in their private car.

While it is believed that the visit meant a great deal, the gentlemen made no statement other than that they were here looking after the interests of the Gainesville and Gulf.

It is believed that the work of extending the Gainesville and Gulf from Fairfield south to Tampa will begin as soon as a charter can be secured, as Mr. Pidcock, who is a man of great wealth and energy, proposes to connect Gainesville and Tampa in as short a time as possible. The road will be extended, and the people have faith in the enterprise and ability of Mr. Pidcock to carry the project through.

Miss Wimberly's Recital.

The entertainment at the Auditorium last night, given by Miss Clara Wimberly, assisted by some of our local musicians, was a very pleasant event. Miss Wimberly has many admirers of her rare talent as a dialect reader, and she acquitted herself with credit on this occasion. She was heartily received by the large audience and the recipient of some very beautiful floral tributes. Her negro dialect is very perfect.

The numbers were interspersed with several faultless piano selections by the Misses Fennell and Ida Burkhim. Miss Wimberly thanked the audience for the careful attention paid to each number and expressed a desire to see each one in the near future.

Helping Hands Entertain.

The Helping Hands Society of the Presbyterian church gave a "birthday party" at the home of Mrs. Geo. K. Broome yesterday afternoon. The attendants were supposed to bring in a bag, which had been sent with the invitation, a penny for every year of their age, with the result that the proceeds were very encouraging, notwithstanding that some of the elderly guests were "only sixteen," as was indicated by the contents of their sack. The session passed off very successfully and very pleasantly, and during the afternoon refreshments were served. The proceeds will be used for the organ fund of the church.

Captain Layton, in a neat and well constructed speech, thanked the men for their confidence, friendship and support, after which he invited the company to the W. & R. Cafe, where a sumptuous spread had been prepared.

Friends of Captain Layton are glad that he is so popular among his men, and extend congratulations.

The Major is Pleased.

Among the prominent visitors to this city is Major C. A. Van Wee of Connecticut, a wealthy owner of several orange groves in the vicinity of St. Petersburg. Major Van Wee has been spending the winter at St. Petersburg, and en route home is spending a few days here with his personal friend, W. E. Dow. This is his first visit to Gainesville, and he is well pleased with the city.

"You are apparently growing," he said. "Through the courtesy of my friend Dow I have been driven about the city behind a speaking good team which he calls 'his own,' and in this way I have had an opportunity of seeing the city. You have a good town. I heard of Gainesville before I came here; I heard of its advantages and what a lovely little city it was, and I don't blame your people for feeling proud, for you have a splendid town."

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly effected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

STANDIFER CASE THURSDAY.

Solicitor Is Now Looking Into J. D. Langston's Case.

Atlanta, Ga., April 4.—E. M. Standifer, who is held in $1,000 bond on the charge of having held improper relations with Miss Chappell Whisenant, who was shot and killed by her sister, Mrs. Willie Standifer, will be arraigned for trial on next Thursday in the criminal division of the city court.

This announcement was made by Solicitor Lowry Arnold Monday. Standifer left the city shortly after his wife killed her sister, but he has returned with his father, whose home is in Gadsen, Ala.

Solicitor Arnold stated that he was looking into the case of J. D. Langston, who was bound over in a $100 cash bond on the charge of ill treating his wife, whose death was the subject of an investigation by the coroner. Langston was exonerated by the coroner's jury, but he was held on the minor charge.

No very important cases were tried in the city court Monday. There are some seventy-five or eighty cases on the docket, but they are nearly all for minor offenses.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

SORES AND ULCERS

TROUBLESOME-OFFENSIVE-DANGEROUS

Nothing is more discouraging than to have an unhealthy sore or ulcer resist one treatment after another, sometimes scabbing over and apparently getting well, then returning with renewed energy and becoming worse than before. Sores and ulcers are not due to outside causes; if they were, salves, plasters, lotions, etc., would cure them. They are kept up by a diseased and polluted condition of the blood brought on by the absorption of refuse and waste matters of the body into this vital fluid. These accumulations find their way into the blood, usually because of an inactive and sluggish condition of the system. Nature intends that they shall be carried off through the usual channels of waste, but the different members failing to perform their duties properly leave the matter to sour and ferment. The blood then, in its effort to keep the system healthy, absorbs these poisons and at the first bruise, cut or wound the sore is formed, and the constant drainage of foul matter through it keeps the place open and irritated so it cannot heal. Another cause for old sores and ulcers is the polluting or weakening of the blood from the remains of some constitutional trouble or the effects of a long spell of sickness. S. S. S. begins at the fountain-head and drives out all poisonous matter and germs, and makes a lasting cure. As soon as the system gets under the influence of S. S. S. the inflammation gradually leaves, the flesh takes on a healthy color, and soon the place is permanently healed. Book on sores and ulcers and any medical advice without charge.

J. F. Townsend or Rex, one of the valued members of the Board of County Commissioners, after having attended the regular monthly meeting of the board, returned to his home yesterday. Mr. Townsend has made a faithful and efficient servant to his constituents.

Mr. and Mrs. Frank Richardson of Jacksonville are rejoicing over the advent of a ten pound boy, which came to bless their home on Tuesday. Mr. Richardson, who is superintending the work on the University buildings here, has many friends in this section who will congratulate him upon this addition.

S. H. Benjamin, for many years a prominent business man of Micanopy, but now residing in Paterson, N. J., was in the city yesterday. He has been at Micanopy for several days on a visit to his family, who are still there. They expect to leave in a short time for their new home, however, and will be missed by their friends.

There will be a fine musical and literary program at the entertainment of the Rebekahs on Friday night. Ice cream and cake will be served, and lunches put up in packages will be sold to the highest bidder. You buy your lunch and then have the pleasure of buying at auction a blushing partner of the feminine persuasion to enjoy the repast with you. There will be some choice bargains.

M. M. Clyatt of Otter Creek, one of the most successful merchants in Levy county, was a business visitor to this city yesterday. Mr Clyatt states that business was never better in his town, and that everyone seems to have money. Otter Creek is the home of the Otter Creek Lumber Company, and large sums are paid out by that firm, to say nothing of the naval stores interests about the town.

There will be an ice cream supper at the North Gainesville hall on Saturday evening next. The good people of North Gainesville, realizing that the hall is in need of repairs, have gotten together for a pleasant evening, at the same time offering cream and cake for sale, the proceeds from which will go towards repairs on the building. Everybody is invited to come and bring a fat pocket-book.

Information has reached this city to the effect that Dr. L. Montgomery of Micanopy has purchased the Benjamin block in that town. The Benjamin block is a handsome new brick structure, having been recently completed. It comprises three large brick stores and a commodious warehouse, and is among the most desirable business buildings in the place. The consideration was not learned.

It was the editor's pleasure to greet in his sanctum yesterday h s venerable and esteemed friend, A. J. Copeland of Jennings Lake, who was accompanied by his grandson, Sylvester Jackson Copeland. Mr. Copeland has reached a ripe old age, but he is much more active than many of more mature years and takes a deep interest in affairs concerning his State and county.

In today's Sun the friends of John G Dampier of Hague announce his candidacy for renomination as county commissioner from his district. Mr. Dampier has served the people well, and for the last term he was honored as chairman of the board. He is careful and conservative, never hesitating t. suppo t what he thinks is right or oppose he measure which he deems against the people

Gardner-Elmore.

An approaching wedding which will interest society will take place on the evening of the Thursday after Easter, when Miss Alexina Jes Elmore, the attractive daughter of Col and Mrs Albert Rhett Elmore, will be united in marriage to Mr. William L. Gardner of Columbus, Miss.

The ceremony will take place at St John's Chapel, and will be performed by Rev. Van Winder Shields.

The matron of honor will be Miss Elmore's sister, Mrs. James C. Haile of Gainesville, and the best man will be Mr. Hairst of Columbus, Miss.

Miss Elmore's parents are now making their home at Gainesville, but Miss Elmore has resided with her brother and sister-in-law, Mr and Mrs Frank Elmore, for the past year. Her many Jacksonville friends will be glad to learn that the wedding is to take place here.—Florida Times-Union.

The groom, Mr. Wm L. Gardner, is a young man of exceptional business qualifications and wields a large influence in the business and political affairs of the city of Columbus, as well as in its social circles, and is at present one of its aldermen. He is the head of the firm of W. L. Gardner & Co., wholesale and retail grocers, cotton factors and commission merchants.

A Dandy For Burns.

Dr Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommended it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c and $1. Sold by W. M. Johnson.

TIME IS EXTENDED.

City Council Will Give One Week's Grace for Closing of Tax Books.

At its meeting Monday night the City Council, upon the request of the city tax collector, extended the time for the closing of the tax books for one week, which means that the books will be positively closed next Monday.

This was a gratuitous action on the part of the council, in order that those in arrears might have one week's more grace, but the books will positively close on Monday, and those delinquent would work to their interest if they desire to save the extra costs attached to the collection of delinquent taxes.

In Mayor's Court.

"Butt'n! Butt'n! Who got de butt'n?"

This is what caused the trouble which terminated in the municipal court, when Harry Anderson was arraigned before that tribunal upon a charge of fighting Peter Jackson.

Now Peter Jackson is an illustrious name among the sporting class, for his name always bore with a distinction as one of the greatest pugilists of his day; but this name-sake does not depend upon his fists when it comes to scrapping. He is a great deal more proficient with his head, for he has enjoyed the distinction of victory in more than one butting contest.

It developed in the court that Peter had mischievously and in the friendliest manner approached Anderson from the port side and administered a sudden butt which butted him off his feet. Harry did not appreciate this kind of a joke, and proceeded a la pugilist to bruise the joker up. He admitted he had struck the butter.

"Well, it appears in this instance that you got the butt'n," remarked the mayor, "but inasmuch as Peter was in a spirit of fun you should not have permitted your temper to master you, so I'll fine you $2.50 and costs."

Which he did.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bee, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures hemorrhages, chronic coughs, settled colds and bronchitis, and is the only known cure for weak lungs. Every bottle guaranteed by all druggists. 50c and $1. Trial bottle free.

THE KNIGHTS TEMPLAR.

The Pilgrim Commandery Knights Templar enjoyed themselves last night at an elegant repast served at the Continental Cafe consisting of everything to tempt and please the inner man. After the main supper and while enjoying their cigars and coffee, they were treated to some choice music on the Edison Grand Photograph and intermingled with the music were little talks that go to make these gatherings of friends and comrades pleasant memories long afterward.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character, far from it. The disposition of the average bald-headed man is to show an unselfishness for the welfare of others that he neglects himself. A great savant, the late Prof. Schoppenhauer, of Paris, Ky., is accumulated a rabbit with [illegible] causing it to become [illegible] in five weeks' time. To get the benefit of these dangerous germs it is necessary to apply Newton's Heropside.

KNIGHTS OF HONOR WILL CONVENE HERE

Will Hold Annual Meeting of the Grand Lodge in Gainesville.

A BIG CROWD IS EXPECTED

There Will be Delegates and Visitors From Every Section of the State to Pass Upon the Business of the Order—Big Time Expected.

The Grand Lodge of Florida, Knights of Honor, will held their annual meeting in this city beginning on Tuesday, April 10, and the session will probably last for two days. An enthusiastic and largely attended meeting of Alachua Lodge No. 2565 of this city was held at the store of L. J. Burkhim Tuesday afternoon, when arrangements were begun looking toward the entertainment of the two hundred delegates and visitors who will be present from every section of the State upon this occasion.

This order, of which L. J. Burkhim of this city is past grand dictator and W. R. Wrighton of Pensacola the grand dictator at this time, makes no great pretentions at display, but is one of the finest in existence and one of the strongest in the State. It's principals, while benevolent in a degree, are largely for the protection of the widow and the orphans of members, for it is a fraternal insurance order. It is a secret order which carries impressive work, and altogether the Knights of Honor are just what the name of the order indicates—they are really knights of honor.

Mr. Burkhim and other members of the order here are anticipating a great time. The proper committees will make all necessary arrangements for a meeting-place, and for the entertainment of those who come. There will be a great deal of business of importance to come before the Grand Lodge, and the meeting will be one of the most important that has been held for years.

PROMINENT VISITORS HERE.

Officials of Georgia Southern and Georgia Northern Visit Gainesville.

S. F. Parrott, vice-president of the Georgia Southern and Florida railroad and president of the Gainesville and Gulf, and J. A. Pidcock, Jr., of Moultrie, Ga., president of the Georgia Northern, and who recently purchased a large interest in the Gainesville and Gulf, were here yesterday in their private car.

While it is believed that the visit meant a great deal, the gentlemen made no statement other than that they were here looking after the interests of the Gainesville and Gulf.

It is believed that the work of extending the Gainesville and Gulf from Fairfield south to Tampa will begin as soon as a charter can be secured, as Mr. Pidcock, who is a man of great wealth and energy, proposes to connect Gainesville and Tampa in as short a time as possible. The road will be extended, and the people have faith in the enterprise and ability of Mr. Pidcock to carry the project through.

Miss Wimberly's Recital.

The entertainment at the Auditorium last night, given by Miss Clara Wimberly, assisted by some of our local musicians, was a very pleasant event. Miss Wimberly has many admirers of her rare talent as a dialect reader, and she acquitted herself with credit on this occasion. She was heartily received by the large audience and the recipient of some very beautiful floral tributes. Her negro dialect is very perfect.

The numbers were interspersed with several faultless piano selections by the Misses Fennell and Ida Burkhim. Miss Wimberly thanked the audience for the careful attention paid to each number and expressed a desire to see each one in the near future.

Helping Hands Entertain.

The Helping Hands Society of the Presbyterian church gave a "birthday party" at the home of Mrs. Geo. K. Broome yesterday afternoon. The attendants were supposed to bring in a bag, which had been sent with the invitation, a penny for every year of their age, with the result that the proceeds were very encouraging, notwithstanding that some of the elderly guests were "only sixteen," as was indicated by the contents of their sack. The occasion passed off very successfully and very pleasantly, and during the afternoon refreshments were served. The proceeds will be used for the organ fund of the church.

GUARDS ELECT CAPTAIN.

Captain C. R. Layton Succeeds by Unanimous Vote.

The Gainesville Guards, Company H, Second Infantry, at their called meeting last night for the purpose of electing a captain for the next term, were unanimous in the selection of Captain C. R. Layton to succeed himself.

Captain Layton has been in command of the company ever since it was organized, with the exception of a few months, and has proved himself not only an efficient, but a very popular officer, and commands the esteem and respect of every member of the company, as was demonstrated last night, when he was re-elected without opposition among wild and enthusiastic cheers.

Captain Layton, in a neat and well constructed speech, thanked the men for their confidence, friendship and support, after which he invited the company to the W. & R. Cafe, where a sumptuous spread had been prepared.

Friends of Captain Layton are glad that he is so popular among his men, and extend congratulations.

Is The Moon Inhabited?

Science has proven that the moon has an atmosphere which makes life in some form possible on that satellite; but not for human beings, who have a hard enough time on this earth of ours, especially those who don't know that Electric Bitters cure headache, biliousness, malaria, chills and fever, jaundice, dyspepsia, dizziness, torpid liver, kidney complaints, general debility and female weaknesses. Unequalled as a general tonic and appetizer for weak persons and especially for the aged. It induces sound sleep. Fully guaranteed by all druggists. Price only 50c.

The Major is Pleased.

Among the prominent visitors to this city is Major C. A. Van Wee of Connecticut, a wealthy owner of several orange groves in the vicinity of St. Petersburg. Major Van Wee has been spending the winter at St. Petersburg, and en route home is spending a few days here with his personal friend, W. E. Dow. This is his first visit to Gainesville, and he is well pleased with the city.

"You are apparently growing," he said. "Through the courtesy of my friend Dow I have been driven about the city behind a speaking good team which he calls 'his own,' and in this way I have had an opportunity of seeing the city. You have a good town. I heard of Gainesville before I came here; I heard of its advantages and what a lovely little city it was, and I don't blame your people for feeling proud, for you have a splendid town."

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

STANDIFER CASE THURSDAY.

Solicitor Is Now Looking Into J. D. Langston's Case.

Atlanta, Ga., April 4.—E. M. Standifer, who is held in $1,000 bond on the charge of having held improper relations with Miss Chappell Whisenant, who was shot and killed by her sister, Mrs. Willie Standifer, will be arraigned for trial on next Thursday in the criminal division of the city court.

This announcement was made by Solicitor Lowry Arnold Monday. Standifer left the city shortly after his wife killed her sister, but he has returned with his father, whose home is in Gadsen, Ala.

Solicitor Arnold stated that he was looking into the case of J. D. Langston, who was bound over in a $100 cash bond on the charge of ill treating his wife, whose death was the subject of an investigation by the coroner. Langston was exonerated by the coroner's jury, but he was held on the minor charge.

No very important cases were tried in the city court Monday. There are some seventy-five or eighty cases on the docket, but they are nearly all for minor offenses.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

SORES AND ULCERS
TROUBLESOME-OFFENSIVE-DANGEROUS

Nothing is more discouraging than to have an unhealthy sore or ulcer resist one treatment after another, sometimes scabbing over and apparently getting well, then returning with renewed energy and becoming worse than before. Sores and ulcers are not due to outside causes; if they were, salves, plasters, lotions, etc., would cure them. They are kept up by a diseased and polluted condition of the blood brought on by the absorption of refuse and waste matters of the body into this vital fluid. These accumulations find their way into the blood, usually because of an inactive and sluggish condition of the system. Nature intends that they shall be carried off through the usual channels of waste, but the different members failing to perform their duties properly leave the matter to sour and ferment. The blood then, in its effort to keep the system healthy, absorbs these poisons and at the first bruise, cut or wound the sore is formed, and the constant drainage of foul matter through it keeps the place open and irritated so it cannot heal. Another cause for old sores and ulcers is the polluting or weakening of the blood from the remains of some constitutional trouble or the effects of a long spell of sickness. S. S. S. begins at the fountain-head and drives out all poisonous matter and germs, and makes a lasting cure. As soon as the system gets under the influence of S. S. S. the inflammation gradually leaves, the flesh takes on a healthy color, and soon the place is permanently healed. Book on sores and ulcers and any medical advice without charge.

NEWS OF CITY AND COUNTY CONDENSED

Mrs. E. Gregg of New York and Mrs. Lanterman of Chicago, who have been the guests of Mrs. Dr. Robb and Mrs. L. L. Sandborn for several weeks, left for the North yesterday. They were well pleased with Gainesville.

He has been at Micanopy for several days on a visit to his family, who are still there. They expect to leave in a short time for their new home, however, and will be missed by their friends.

There will be a fine musical and literary program at the entertainment of the Rebekahs on Friday night. M. M. Clyatt of Otter Creek, one of the most successful merchants in Levy county, was a business visitor to this city yesterday. Mr Clyatt states that business was never better in his town, and that everyone seems to have money. Otter Creek is the home of the Otter Creek Lumber Company, and large sums are paid out by that firm, to say nothing of the naval stores interests about the town.

There will be an ice cream supper at the North Gainesville hall on Saturday evening next. The good people of North Gainesville, realizing that the hall is in need of repairs, have gotten together for a pleasant evening, at the same time offering cream and cake for sale, the proceeds from which will go towards repairs on the building. Everybody is invited to come and bring a fat pocket-book

Information has reached this city to the effect that Dr. L. Montgomery of Micanopy has purchased the Benjamin block in that town. The Benjamin block is a handsome new brick structure, having been recently completed. It comprises three large brick stores and a commodious warehouse, and is among the most desirable business buildings in the place. The consideration was not learned.

It was the editor's pleasure to greet in his sanctum yesterday h s venerable and esteemed friend, A. J. Copeland of Jennings Lake, who was accompanied by his grandson, Sylvester Jackson Copeland. Mr. Copeland has reached a ripe old age, but he is much more active than many of more mature years and takes a deep interest in affairs concerning his State and county.

In today's Sun the friends of John G Dampier of Hague announce his candidacy for renomination as county commissioner from his district. Mr. Dampier has served the people well, and for the last term he was honored as chairman of the board. He is careful and conservative, never hesitating to support what he thinks is right or oppose the measure which he deems against the people

A Dandy For Burns.

Dr Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommended it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c and $1. Sold by W. M. Johnson.

TIME IS EXTENDED.

City Council Will Give One Week's Grace for Closing of Tax Books.

At its meeting Monday night the City Council, upon the request of the city tax collector, extended the time for the closing of the tax books for one week, which means that the books will be positively closed next Monday.

This was a gratuitous action on the part of the council, in order that those in arrears might have one week's more grace, but the books will positively close on Monday, and those delinquent would work to their interest if they desire to save the extra costs attached to the collection of delinquent taxes

In Mayor's Court.

"Butt'n! Butt'n! Who got de butt'n?"

This is what caused the trouble which terminated in the municipal court, when Harry Anderson was arraigned before that tribunal upon a charge of fighting Peter Jackson.

Now Peter Jackson is an illustrious name among the sporting class, for his name always bore with a distinction as one of the greatest pugilists of his day; but this name-sake does not depend upon his fists when it comes to scrapping. He is a great deal more proficient with his head, for he has enjoyed the distinction of victory in more than one butting contest.

It developed in the court that Peter had mischievously and in the friendliest manner approached Anderson from the port side and administered a sudden butt which butted him off his feet. Harry did not appreciate this kind of a jose, and proceeded a la pugilist to bruise the joker up. He admitted he had struck the butter.

"Well, it appears in this instance that you got the butt'n," remarked the mayor, "but inasmuch as Peter was in a spirit of fun you should not have permitted your temper to master you so I'll fine you $2.50 and costs."

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bae, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures hemorrhages, chronic coughs, settled colds and bronchitis, and is the only known cure for weak lungs. Every bottle guaranteed by all druggists. 50c and $1. Trial bottle free.

THE KNIGHTS Ttemplar.

Enjoyed a Fine Banquet and Smoker at Continental Cafe Last Night.

The Pilgrim Commandery Knights Templar enjoyed themselves last night at an elegant repast served at the Continental Cafe consisting of everything to tempt and please the inner man. After the main supper and while enjoying their cigars and coffee, they were treated to some choice music on the Edison Grand Phonograph and intermingled with the music were little talks that go to make these gatherings of friends and comrades pleasant memories long afterward.

Magic at Wilson's.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character, for from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others that he neglects himself. A germ expert in Paris, Prof. Sabouraud, of Paris, has discovered a rabbit with hair 7 inches long causing it to become totally bald in five weeks' time. To rid the world of these dangerous germs it is necessary to apply Newbro's Herpicide.

The coal strike has not proved so much of a success as the operators first thought it would. It is now learned that many of the factories that it was thought would have to buy coon have enough coal to run them six months or more. Many operators will be thus induced to sign the wage scale.

RAILROAD RATES AND TARIFFS.

The prospective railroad legislation is likely to create a reaction between the high-rollers of the country. The railroad magnates are protesting against the Government's threat to deprive them of the "protection" implied in allowing them to make their own rates for services rendered, while at the same time the Government refuses to abate to the extent of a cent the "protection" that it has given for years to manufacturers of all degrees. The railroads are legislated against, the magnates say, because of their excessive rates, and naturally ask if their rates have been more excessive than those of manufacturers, who have been empowered by special legislation, called tariff laws, to make and maintain excessive rates.

Again, the railroads are to be punished, the magnates say, for "discrimination" in making rates for different patrons, and naturally ask if by any possibility railroad discrimination can be any greater or more unjust than the discrimination made by manufacturers in the prices of goods sold to our own people and to foreigners. Feeling that they alone are to be discriminated against, the magnates naturally feel unkindly towards those who were once joint heirs to the Government's favors. The disinherited always feel bitter towards those who inherit, and so bad blood between those upon whom the Government frowns and those who continue to luxuriate in the Government's smiles is inevitable. And who can predict what the result of a ruction between these two powerful hitherto joint heirs may be? It will be interesting to watch the result, anyway.

COLORED CONVENTION.

A call for a State convention of colored business men and women has been issued, to take place in Jacksonville, May 30th. The convention has been called for the purpose of discussing the status of the colored people in the State, and is signed by representatives from 18 cities in Florida.

The call is made to ascertain if the colored people cannot do something to lift up their race and devise ways and means to better their condition. At this convention there will be a statement made of their grievances, and to see what can be done to advance the colored business men's prospects.

The Mallory bill, to further enlarge the powers and authority of the public health and marine hospital service, known as the National Quarantine bill, has been passed by the Senate. The "Gainesville spirit" pervades the air in this city at the present time, and we are marching along a more rapid rate than for years. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

While most farmers are quick to appreciate the value of good blood in all their breeding animals, many are strangely relectant to apply the same rule to the seed sown and planted in their fields. It matters not whether it be corn or any of the small grains, the fact remains that the poor and inferior seed if sown or planted is certain to be the prime begetter of a poor and inferior crop. No work done on the farm is so well paid as is that devoted to careful selection and thorough preparation of the seed to be sown.

The beautiful spring weather makes everybody feel good, but there are some people who can make you feel still happier. Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

Justice Colman's Court.

In Justice Colman's court yesterday Jim Page was arraigned upon a charge of assault upon Maria Bailey. It appeared from the evidence that Page had treated the woman badly. He admitted that he had "kinder cuffed her about" because she would not concede to some of his commands, and the woman came to the court to secure a peace bond.

Justice Colman decided that the best course to pursue was to assess a fine of $50 or three months, the sentence to be suspended upon the payment of the costs, which was agreed to, and Page left the court room declaring that he would "let dat gal alone" after this.

Everybody was satisfied. The Justice got his costs, the man got his release and the woman got satisfaction, which was the greatest of them all.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of lagrippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." The Richest Man in the World

The richest man in the world cannot have his kidneys replaced nor life without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. Don't Fail to See

DR. GOLDSTEIN
at "THE OAKS."

Many persons do not see as well as they should. Some see well but their eyes become tired. Others suffer with headache constantly or periodically, which medicine does not relieve, because the headache comes from eye strain, and the only remedy is a pair of glasses properly fitted by one who understands the eyes, their defects, and their relation to human ills.

WE EXAMINE YOUR EYES FREE OF CHARGE.

And when we examine them, we mean a thorough examination—as complete as can be had anywhere at any price. We explain to you what your trouble is. You get the benefit of our experience and knowledge free.

EYE STRAIN.

More headache and nervousness is caused by eye strain than all other causes combined. Good vision is absolutely no proof that the eyes are good. Many readers of this article can see perfectly, but they suffer from nervous ills of one kind or another and never think that the eyes are the cause of it all. They may have taken medicine without getting relief or may have suffered thinking there was no remedy.

PROPER GLASSES AND PROPER FRAMES.

It is great importance that glasses should be properly ground and centered and of the best quality. The frames must be fitted that they will hold the lenses in place so there will be no damage to the eye from lack of harmony between the center of the lenses and those of the eyes. Many otherwise good pieces of work have been a failure from this cause alone.

Do not neglect your children's eyes Office at The Oaks for a few days.

Lease of Road Held Valid.

Raleigh, N. C., April 4—Judge Long, of the superior court handed down an opinion Monday in which he held that the lease of the Atlantic and North Carolina railroad by the state to the Atlantic and North Carolina company is valid. The road extends from Goldsboro to Morehead, a distance of 93 miles. Minor stockholders sought to have the lease annulled on the ground that it was contrary to law. The state, which owns a majority of the stock, leased it in 1904, its annual rental amounting to $26,000.

Rheumatism Makes Life Miserable.

A happy home is the most valuable possession that is within the reach of mankind, but you cannot enjoy its comforts if you are suffering from rheumatism. You throw aside business cares when you enter your home and you can be relieved from those rheumatic pains also by applying Chamberlain's Pain Balm. One application will give you relief and its continued use for a short time will bring about a permanent cure. For sale by all druggists.
